Enrollment Report Footnotes

Program type (i.e., elementary, middle, high, etc.) reflects the most recent administrative assignment. In recent years enrollment counts are compiled on or about the first of October. An enrolled student is defined as a student who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated. Schools and programs that are no longer in operation are designated as 'closed'.
