SUMMARY OF AMENDMENTS

Some of the 2019 revisions to the District's rules reflect changes to the Model Rules. There have not been many statutory or model rules changes since the

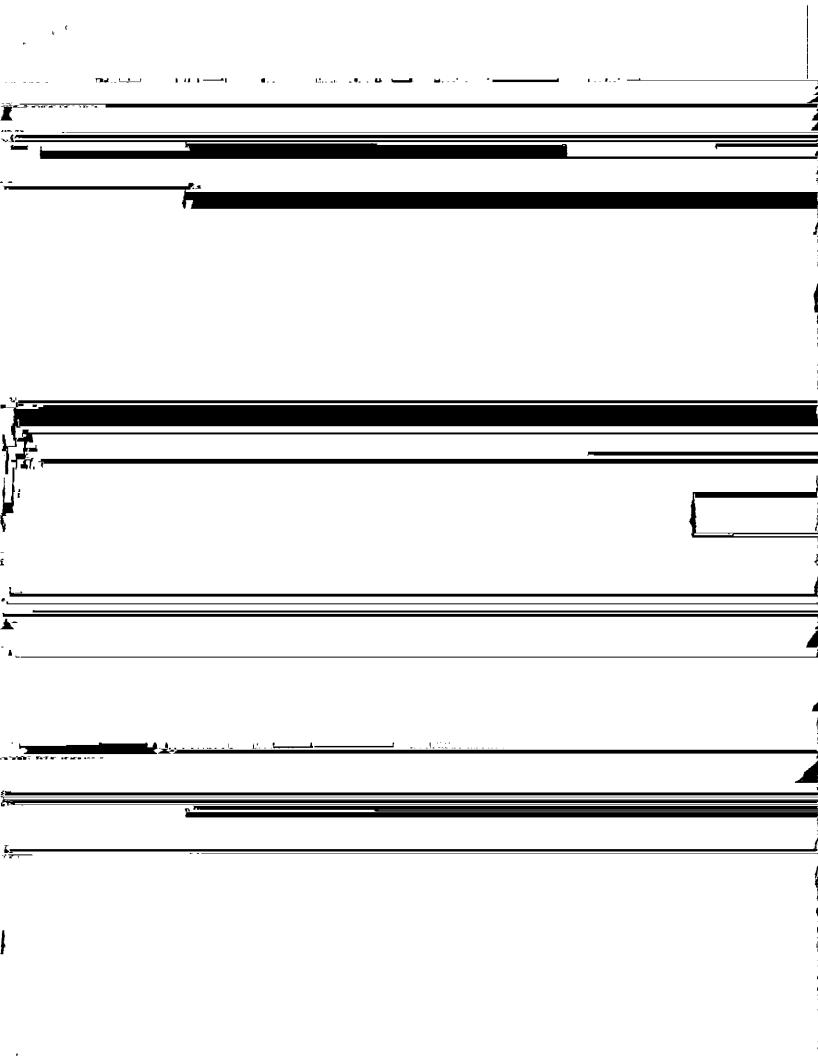

| Ĺ | PPS-47-0288(28) adds service, repair, or maintenance for products under warranty where the warranty requires use of a particular provider or where the manufacturer or provider must diagnose the problem because the system or part is | |

subject to a warranty when the terms of the warranty require use of a particular maintenance service provider or providers, or when the manufacturer or approved provider must diagnose a problem because the system or part is proprietary.

Conclusions of Law. This amendment is unlikely to diminish competition because the original acquisition of the product or system will have been
