## 2. PROJECT HISTORY

- a. This project has a long history of 25 years or more.
- b. In most recent history starting in 2015, softball was included in the Grant Modernization project. Through the design process,

# BORA

- 
1. Huge amount was done with master planning process. We can talk about lights, use, landscaping netting, what to do about fly-balls?
  2. Dugouts don't work great in rain - can we make slight modification to make them work better?
  3. Scoreboard location
  4. Audio system
  5. Landscaping that can help mitigate views from US Grant.
  6. Look through list that neighbors are concerned about that you can mitigate in design.
  7. Neighbors will be involved in operation issues.
- c. Help us understand how to communicate with stakeholders.
  - d. Ken Peterson - people concerned about commercial signs around the bowl that interfere with aesthetics in the park. Is that a design issue? 11/19/2019 10:54 AM
