

WHERE ARE WE NOW? WE HEARD YOU & WE'RE LISTENING.

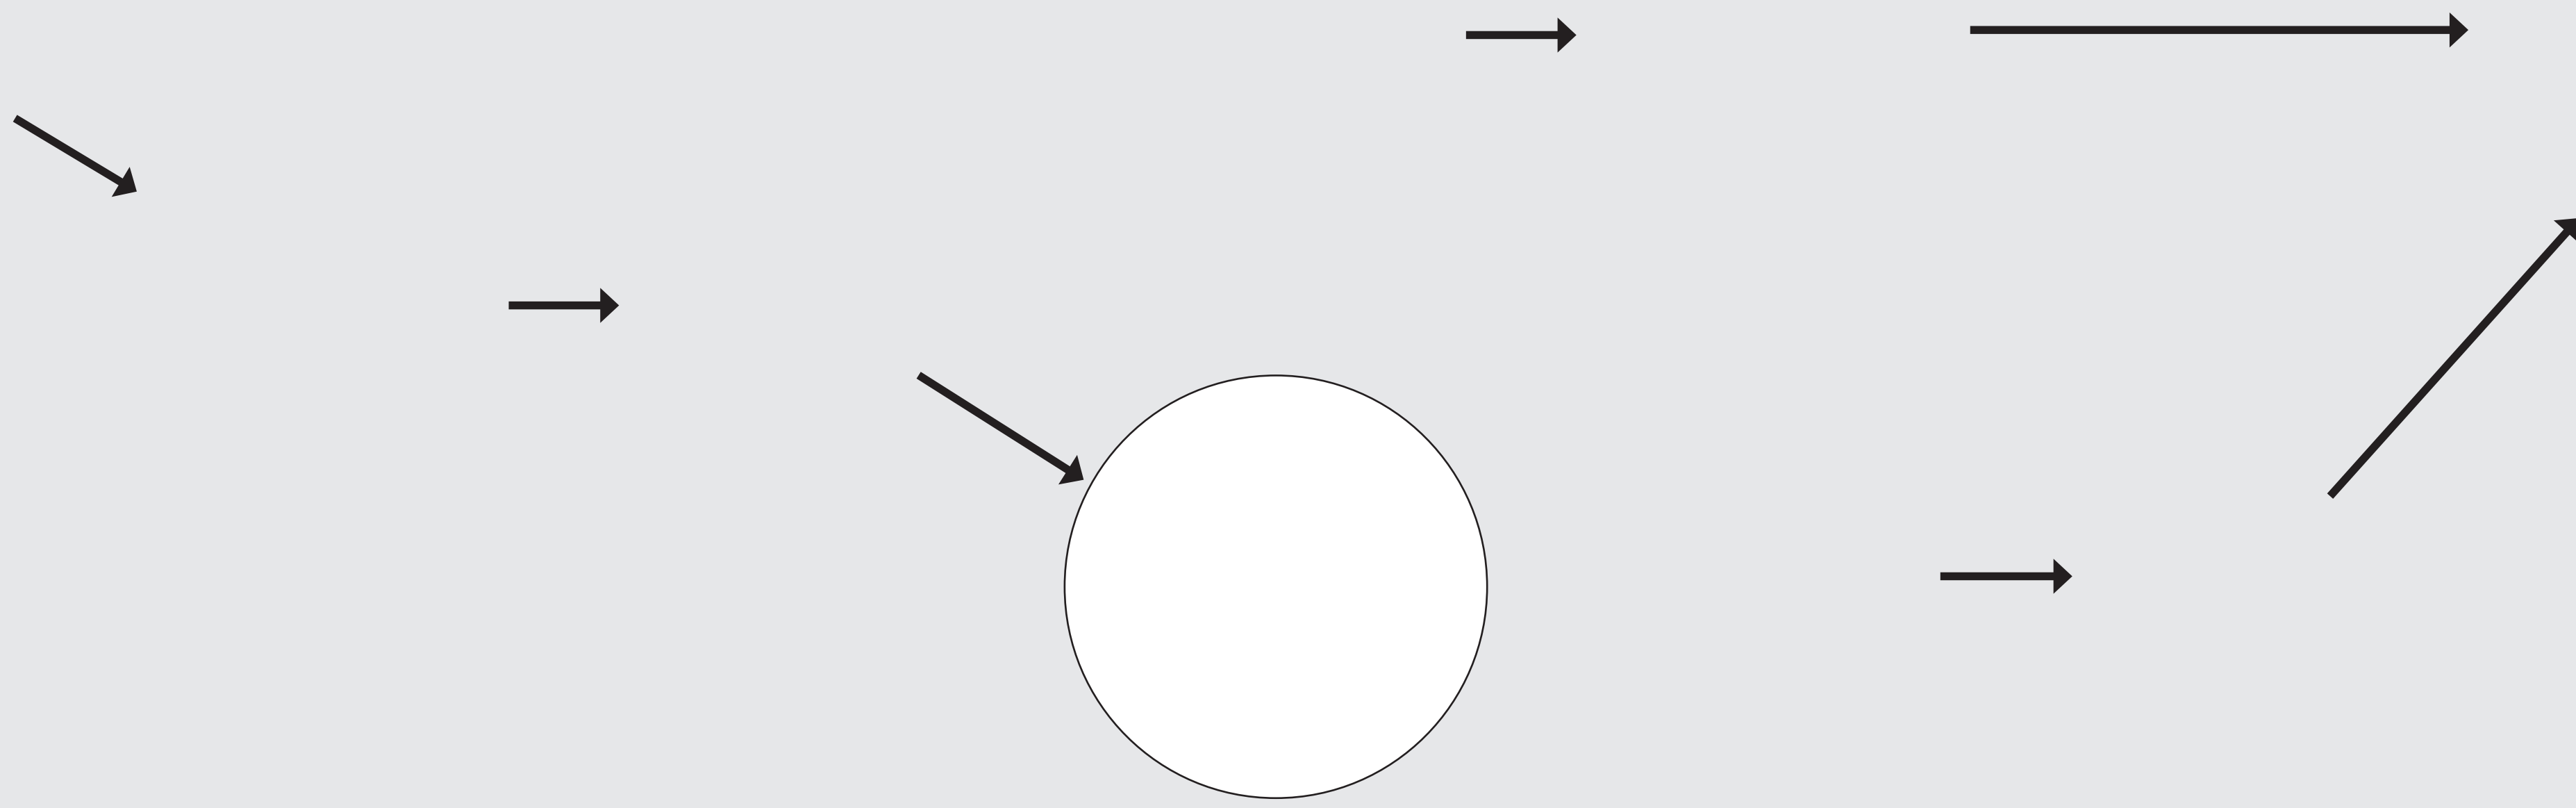

DESIGN TEAM STOPPED WORK ON CURRENT DESIGN

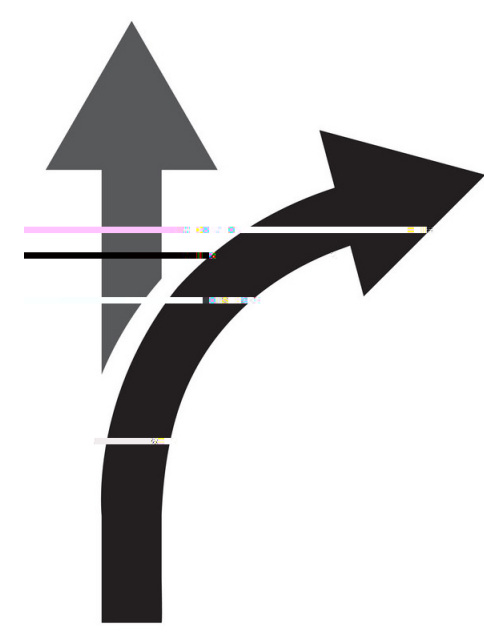

DESIGN TEAM STARTED OVER WITH NEW CONCEPT TO KEEP STUDENTS ON SITE

DESIGN TEAM WORKS TO UNDERSTAND PROJECT REQUIREMENTS

WHAT DOES THIS MEAN? THE NEW PLAN

STUDENTS STAY ON SITE DURING CONSTRUCTION.

BUILD A NEW SCHOOL & DEMOLISH THE 1909 BUILDING.

Students will remain on site in existing buildings for the duration of construction.

All existing buildings will ultimately be demolished, including the 1909 building, to accommodate a new building and new fields.

*Completion of new track, football field and tennis courts by Fall 2029.
Opportunity for Baseball & Softball fields to be completed sooner*

*New building to be complete for the Fall 2028 school year.
Today's 4th graders will be the first freshman class in the new building*

Existing track, football field and tennis courts will be unavailable during construction. Use off site facilities for these functions.

Implementation of Cultural Placemaking in new school and throughout the campus to honor the rich history of Jefferson HS.

QUESTIONS? COMMENTS?

LOOKING AHEAD. ENGAGEMENT.

Current outline for proposed community outreach.
