

Staff Analysis and Report to the Board

Board Meeting/Work Session Date: November 6, 2018

Senior Lead: Brenda Martinek, Chief Officer, Student Support Services

Department Lead: Judy Brennan, Director, Enrollment and Transfer

Staff Lead

(Use this section to briefly ainsis aitemtaff —2-3 s5(en)5 to brBDCS1-iefly)-3 TD()T2T0.1.10T0c0

(Review of all stakeholders, including students and union partners, involved in the development of the proposed policy or resolution)

Families residing in the boundary change area received notice of the proposed change and information about the Board meetings where the topic will be discussed and decided. Families with 5th and 8th grade students will receive additional information about how the boundary reconciliation impacts their school assignment options. These notices will be timed with the start of the HS transfer cycle for 8th graders and K-8 transfer cycle for 5th graders.

VI. TIMELINE FOR IMPLEMENTATION/EVALUATION

(What is the timeline? How will progress be measured?)

Implementation will begin with the 2019-20 enrollment cycle

VII. BOARD OPTIONS WITH ANALYSIS

(What action is requested? Outline options and acknowledge other perspectives. Financial costs associated with specific options may be included.)

The Board's Enrollment and Forecasting Committee supported the recommendation described below at their June 14, 2018 meeting.

VIII. STAFF RECOMMENDATION

(Convey the specific recommendation on any and all of the options listed or overall recommendation regarding the item.)

Replace the language in Resolution 5256, 10.b.i with the following:

“The area of the Bridlemile boundary that begins at the intersection of SW Scholls Ferry Rd and the eastern property line of 2744 SW Scholls Ferry Rd., south to the western property line of Fanno Creek Natural Area, west along SW Raleighwood Ct to SW Scholls Ferry Rd and southwest to the Washington County Line.”

As a result of this change, 1-2 students per grade may enroll in West Sylvan MS/Lincoln HS instead of Gray MS/Wilson HS. However, students who live in the area may choose to enroll in Gray MS/Wilson HS, instead.

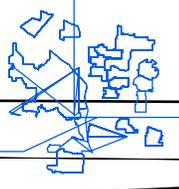

IX. I have reviewed this staff report and concur with the recommendation to the Board.

4. *Allocate budget, funding and resources focused on improving outcomes for students*
